

Carleton County
Music Festival 2022

Virtual | April 19-28

I am pleased to announce we have thirty more entries than last year for our second virtually/recorded music festival! Students, parents, teachers, committee members and donors have worked together to make this happen.

A local music festival plays an important role in a student's development. It provides an opportunity to promote stronger practice habits and set goals for a performance experience with adjudication.

Next year, the hope is to have an in-person festival allowing choirs, bands, classroom singing, orchestras and other ensembles to have the opportunity to perform.

A special thanks goes to Barbara Long, for providing the online access, which was necessary for submissions, and general support.

Beth Tait**
